Wendys Restaurants

Business

Over (65) sixty five locations, Pappadeaux has locations throughout Texas, in Atlanta, Chicago, Denver, and Phoenix. Pappasito's locations throughout Texas and in Atlanta, Georgia. Pappas Seafood House is located throughout the Houston area. Pappas Bros. Steakhouse in Houston and Dallas, Texas Pappas Bar-B-Q has locations in Houston and Dallas, Texas.

Solution

Pappas wanted a recipe costing system that would provide a back office system for it's multi-concept restaurant organization that is simple but comprehensive. It had to be completely integrated while providing a 360 degree view of the business inside and out. Yet, still be user friendly for the organization.

Benefits

Saved Hours in data entry, provides current pricing for all sales items, creates suggested orders for vendors, allows for a more informed Manager

Software Used

Microsoft Accounting 7.5
InSTORE/ HQ Back Office and Corporate solutions with POS integration, recipe costing & control, production and labor management

is a rapidly expanding Lousianne Old South style restaurant **Pappadeaux** who needed a system capable of handling their growth, as well as their Shrimp Etouffee !

Pappas has been on Enterprise for four years and using the **Corporate Level** of InSTORE for just under one year.

With the rapidly changing future in sight, they laid down their text based food-costing system and chose the **32-bit performance** of InSTORE to prepare for tomorrow. The sixty five unit operation continues to rollout InSTORE to each location with full connectivity to corporate. Presently they use **Inventory and Purchasing**, as well as **Cash and Sales** to keep up with their rapidly expansion. Once the information is gathered and verified, they simply save and post the information through to Microsoft Great Plains general ledger. Daily Cash and Sales, Purchasing and Inventory comparables, and vendor reports (just to name a few) are now at their fingertips. They are also prepared for the next step of utilizing **Store Level** InSTORE in order to take data from POS to operations to GL with a few clicks. Pappas is controlling their business and improving their bottom line through InSTORE.

This Fine Dine Solution provides a 360 degree view of the Business inside & out, with (8) eight different concepts in our (65) sixty five store operation.
